

The screenshot shows a Windows desktop environment with a railway simulation software window titled "Rocrail: Gleisplan1.xml". The desktop background is a scenic image of a person running on a beach. The software window is divided into several sections:

- Menu Bar:** Datei, Bearbeiten, Gleisplan, Tabellen, Automatik, Steuerung, Programmieren, Lesezeichen, Ansicht, Hilfe.
- Toolbar:** Standard icons for file operations and simulation control.
- Table:** A table with columns: Kennung, #, Block, V, Modus, Ziel, Zug.

Kennung	#	Block	V	Modus	Ziel	Zug
BR01118	18	bk3	0%	stop		
V200	20	bk2	80%	auto	bk6	
- Control Panel:** Includes a speedometer showing 15.2 km/h, buttons for FG+, FG, F0, F1, F2, F3, F4, and a "Stopp" button.
- Diagram:** A track layout diagram with a red train icon and labels for "bk2 V200" and "bk3 BR01118".
- Server Log:**

```

Server
15:30:48 9999 Block initialising is ready.
15:30:48 9999 Initialising all blocks...
15:30:24 8001 Der Router hat 10 Fahrstraßen erzeugt.
(vorher = 10).
15:30:24 8001 Starten des Routers...
15:30:24 8102 Der Gleisplan ist gesund.
15:24:32 9999 Block initialising is ready.
15:24:32 9999 Initialising all blocks...

```
- Status Bar:** localhost:8051, 0.0V 0.00A, default.

The Windows taskbar at the bottom shows the search bar with the text "Zur Suche Text hier eingeben" and the system clock displaying 15:32 on 18.01.2023.
